Hi! Tom,

We're on our way from Boone to LosBanos, CA. Using your book as much as we can. Great! Hard to follow 66 at [illegible] when you're in a 35' motorhome towing a S-10 Blazer. The museum in McLean is wonderful! Wish we would've had more time to read all the newspaper articles there. Cadillac Ranch was all blue when we passed it. Thanks for the info. Will drop you a note when we get settled.

gettin' our kicks!!
